

COCOON CAR SOLUTION

presents the first of its kind - engineered like no other car...

Mercedes-Benz

MAYBACH

...discover our **health line** luxury car
Cocoon is not only a luxury car, it also saves our lives and health

The Corona-pandemic has changed our life and our behavior. Even if Corona is defeated, **the next pandemic will come.** We should be **well prepared.** Social contacts, which were very necessary are causing danger at this time. Therefore every important person and well known personalities decided to create their **own travel possibilities** to a save place.

The Mercedes-Benz S-Class or the Mercedes-MAYBACH, both very spacious status symbols, can fulfill this protection. Fitted with a **partition wall** Covid has no chance to enter the VIP passenger cabin. **Travel safe and in style!**

As a “**1 of 5 limited edition**”
only 5 vehicles are produced
according to **our maxim**

premium quality
**MADE IN
GERMANY**
guaranteed and confirmed
with a notarial certificate.

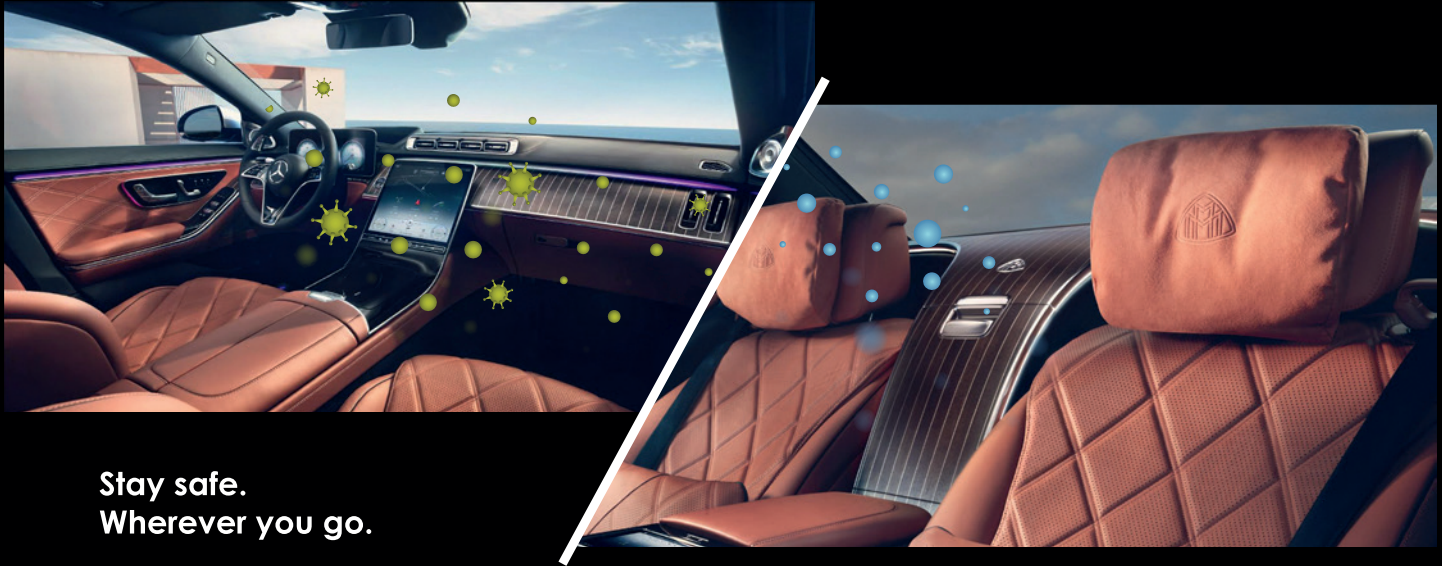

We have the vision and the ability to modify your
Mercedes-Benz S-Class or **Mercedes-MAYBACH**
to give you the **feeling and security** you need in
this and all subsequent pandemics.

*Of course, we develop and customize the
car according to the wishes of the customer.*

Everything is possible!

As an additional protection, we install a HEPA filter to clean the air from bacteria and viruses to more than 99 percent. Further measures against a potential hazard are a built in air analyzer as well as a body temperature measuring device or permanent antimicrobial coated surfaces.

Optionally the car can even be equipped with a totally closed oxygen system, while extras like intercom let you be in contact with your driver in a safe way.

**Stay safe.
Wherever you go.**

On request we provide detailed information regarding this systems and inform you of more optional extras.
